

Basic Soapdispenser EA131

Art. no. EA131 - 1180084
GTIN 8719585002652

Description

The Soap dispenser in stainless steel, with a brushed finish.
A Capacity 1 liter soap, suitable for refilling.

The inner container is suitable for liquid soaps as well as disinfectants with a max. of 75% alcohol.

The soap dispenser is equipped with a lock and key.

Installation

For installation, mark the 4 screw holes on the wall. Drill these and use a plug and screw all 4 screws in these with only the head sticking out approx. 2mm. Put the soap dispenser back over the 4 screws and slide it down.

Now fasten the top 2 screws so the unit is secured to the wall.
